VirtualCare™

Our award-winning telemedicine platform is trusted as an OTN Vendor of Record

Virtual visits can help you safely see patients while containing the spread of COVID-19. Our platform integrates with the Ontario Ministry of Health's new billing codes.

Our telemedicine platform provides:

Secure messaging, video and audio functionality with the ability to upload attachments.

Wide range of triage, assessment, and **workflow functionality** built with clinician feedback.

Fully **PHIPA-compliant** digital security that exceeds Ontario's legislated requirements.

Powerful analytics to enable vital patient reporting.

Easily integrates with a variety of existing clinical information systems.

Robust cloud ready to onboard hundreds of new clinicians and patients.

Onboard your clinic or office in hours:

• Batch invite your patients to join
• Access our helpdesk support 24/7
• Download and use our platform with Apple or Android devices

Complies with these temporary OHIP billing codes, effective March 14, 2020:

K080: Minor assessment of a patient by telephone or video, advice or information by telephone, video to a patient's representative regarding health maintenance.

K081: Intermediate assessment of a patient by telephone or video, advice or information by telephone, or video to a patient's representative regarding health maintenance.

K082: Psychotherapy, psychiatric or primary mental health care, counselling or interview conducted by telephone or video per unit.

K083: Specialist consultation or visit by telephone or video.
